

Kuhl Named Editor of SCNA's SScanner™ Magazine

SJCSRACC's President Steve Kuhl was recently appointed as Editor of The SScanner™, a periodical published by the South Carolina Numismatic Association (SCNA). Kuhl's appointment is effective with the February 2019 issue which was issued at the end of January, 2019. Kuhl was elected to the SCNA Executive Board of Directors in 2018, and becoming the SScanner's™ Editor increases his contributions to this statewide organization.

Said Kuhl: "In 2018 I was offered the opportunity to broaden both my knowledge and contributions by becoming a member of the Board of Directors of the South Carolina Numismatic Association. And now, I have been granted a further avenue to contribute to the world of numismatics as the SScanner™ Editor. I am truly grateful and excited!"

Kuhl continued by relating that as a lover of history, he truly enjoys researching and writing about coins, currency, tokens, and exonomia, but most especially he cherishes meeting, learning from, and writing about the interests and endeavors of his fellow numismatists. Said Kuhl "the involvement of people - the sharing of their knowledge and interests - is what makes this hobby so interesting to me, and it is why this is such a great hobby to be engaged with."

The current edition of the SScanner™ contains informative articles on Collection Proof Franklin Half-Dollars; Collecting the Silver Certificates of 1899; and a summary of the special events which happened at the 46th annual Convention last October. In addition to carrying educational articles, the SScanner™ routinely presents information on:

- SCNA events, such as the annual statewide Convention (the largest show in the state each year)
- events and activities of the member Clubs (the SJCSRACC is a member of SCNA)
- Young Numismatist events and topics
- Information on upcoming coin shows in the southeast region
- And other topics of numismatic interest.

Members of SCNA receive a copy of the SScanner™. Those that are interested in supporting their state organization by joining SCNA (dues for adults are \$12 per each calendar year) can find an application at their website SC-NA-org.

In his initial *Letter from the Editor*, Kuhl remarked that he looked forward to meeting fellow numismatists and hearing their stories. He expressed his hope that those he meets and those that read the SScanner™ will be willing to share their knowledge and insight and grant him the opportunity share their information with the SCNA family!

He also noted that guest articles are welcomed to be submitted, even if the author is not a member of the SCNA. He indicated that he will try to publish as many as possible space permitting. Items for consideration may be sent to Steve at: scnanewsletter@gmail.com.
